Debi,

Sorry, that one slipped through the cracks! I reached out to the team and Peter volunteered to be assigned to Instagram as well. Peter will be assigned to TikTok and Instagram and the remaining assignments will stay as they are.

Thank you,
Eric

Subject: Re: Meeting 9/27 Summary and Notes

All good, thanks so much.

I was really excited about what the demo showed for Facebook.

Who has instagram?

Hi Debbie,

Thanks for meeting with us yesterday! I've attached the meeting notes so that you can go over them. As far as the action items go, here's what we'll be looking into this week:

1. Does BeautifulSoup have a throttling function built into it and can we use it to serve this projects purpose?

2. How does BeautifulSoup handle the scraping of the other social media outlets, Pinterest, Twitter, etc.
 - a. Andres has been assigned to Pinterest
 - b. I (Eric) have been assigned to Facebook and Twitter
 - c. Peter has been assigned to TikTok
 - d. James has been assigned to YouTube

In addition to these things, we'll be working through the SRS document and plan to send that for review once we better understand how BeautifulSoup will work with the remaining social media outlets.

Thanks again for your time, we look forward to meeting with you again on Monday but will keep you updated on progress reports as we gain new information regarding the project. Please let me know if you have any questions!

Eric
